Shelly,

I will be out of the office on Monday. Since I won't be able to set up a conference line until Tuesday morning, we may want to use yours and send along a message with the number on Monday, if the meeting is set up for Tuesday afternoon.

Thanks, and wishing both you and Sally a wonderful new year,

Maria Gonzalez

Subject: RE: Kokomo Dump Site

Dear Maria,

The City's environmental consultant is in the process of developing a work plan and other related documents as required by the draft Administrative Settlement Agreement and Order on Consent for Removal Action. As you may recall, we are working with the City's insurer and the insurer has requested a budget. Accordingly, the consultant is developing these documents now to determine a budget for the insurer. The consultant is at a point where it needs some guidance on what it views are different possible ways of proceeding with the development of the work plan. I suggested to the consultant that a phone call with you and the EPA project manager may be warranted at this point to ensure that we are all on the same page.

As such, is there a good time for you and the EPA project manager to participate in a telephone call with me and the City's consultant? Early next week works well for us.

Please advise.

Thank you.

Taft /
